

# Diabetic Resident Friendly Assisted Living Facility

Living With Diabetes  
Can Be Challenging.  
You Should Not Have  
To Manage It Alone!

We Will Help You  
Stay In Control.

Don't let diabetes test your ability to enjoy life to the fullest. Our trained staff can help you stay in control. We have a full time RN who can assist you with your Blood Glucose Monitoring Device and make sure the results that the device gives is accurately interpreted. If you have special needs due to diabetes, maybe it's time to look into **The Manor At Craig Farms**. Our supportive living community provides a social, residential setting where diabetic seniors can get the special attention they need and deserve.

At **The Manor At Craig Farms**, you will enjoy nutritious, homemade meals, with plenty of social activities to keep you active and healthy.

To find out if **The Manor At Craig Farms** could be the solution you're looking for, give us a call. We'd be happy to answer your questions and schedule a tour.
